

Dräger X-plore® 6300 Full Face Mask

The Dräger X-plore® 6300 is the efficient yet low-cost full face mask intended for price-conscious users not wishing to compromise on comfort or quality. This full face mask is the successor to the Panorama Nova® Standard, a mask which has proven itself over decades of use worldwide – redesigned and improved with fresh colours and an integrated barcode.

Comfortable 5-point head harness
simple donning and doffing

Distortion-free visor
made from PMMA with
180°-angle and wide view

Standard thread connection
for Rd40 filters and powered
air purifying respirators

Mask body made from EPDM
with double sealing frame
and threefold sealing edges
for tight fit

Inner barcode
for ease of recording and
servicing the mask inventory

Benefits

Secure and comfortable fit

The mask body is made from durable and skin-friendly EPDM, with double-layer face seal and triple sealing edges which provides a secure and comfortable seal for every type of face.

Wide field of view

The scratch-proof and distortionfree PMMA plexiglas visor with 180° wideangle ensures a large field of vision with excellent panoramic view.

Efficient ventilation system

The efficient ventilation system with separate inner mask prevents the lens from fogging and ensures good vision.

5-point harness

The comfortable 5-point head harness not only ensures that the mask can be donned easily and quickly, but is wide enough to prevent any pressure points on the wearer's head.

Easy maintenance and logistics

One size fits all which simplifies logistics and stocking. The barcode on the inside simplifies the recording and maintaining of the mask inventory.

Versatile use

The Dräger X-plore 6300 full face mask is equipped with a Rd40 connection in accordance with EN 148-1 and can be combined with the extensive Dräger X-plore® Rd40 filter range.

System Components

Dräger X-plore® Rd40 Filters

Whether used in chemical industry or automobile industry, shipbuilding, metal processing industry or by public utility services – for decades Dräger respiratory protection filters have been a synonym for experience and safety worldwide. They clean breathable air from contaminants in a low-cost and effective manner.

Accessories

Wikov V mask box

Instead of a mask bag, the Dräger full face masks can be stored or carried along in the Wikov V mask box.

Lens overlay protectors, self-adhesive

Accessories

D-8356-2014

Mask spectacles kit

The full face mask can easily be equipped with a spectacles kit for wearers of glasses.

D-44729-2015

DAISYquick cleaning cloths

Cleaning cloths to remove dirt easily, without damaging the mask.

D-4694-2017

Anti-fogging gel "klar-pilot" (50 ml)

This special anti-fog agent (gel) prevents visors and mask spectacles from fogging even in case of extreme temperature differences.
